QUEENSTOWN ✕

South Island Odyssey

A blend of experiences and stays in New Zealand's Southern Alps: untouched backcountry wilderness, luxurious lakeside recovery, and working alpine sheep station immersion.

Ten Day Itinerary

This itinerary can be scaled from three to ten days depending on your availability.

DAY ONE

Your arrival in Queenstown is met by private Defender transfer (45 mins) to **The Great Glenorchy Alpine Base Camp**, where your expedition guide introduces the days ahead over wood-fired dinner at **Base Camp Kitchen**. Your cozy timber cabin includes a wood burner.

DAY TWO

An early helicopter ascent delivers you into New Zealand's UNESCO World Heritage backcountry for a snowshoeing expedition to your overnight camp*. All technical gear and sleeping quarters are prepared before your arrival. Base Camp's signature dishes are cooked over fire in the mountains.

Glenorchy holds Dark Sky Sanctuary certification, ensuring unobstructed star visibility and potential auroras.

No prior snow experience required.

DAY THREE

Breakfast is cooked over the fire, then your guide takes you deeper into the high country—another vantage point you won't access without helicopter support*. A mid-afternoon heli pickup returns you to Base Camp, where sauna and showers await as well as your pre-lit wood burner back in your cabin. The evening is yours to explore the area before dinner is prepared in the **Base Camp Kitchen**.

DAY FOUR

Transfer to Queenstown's newest ultra-luxury property, **ROKI Collection**. You'll choose between a one, two, three or four bedroom suite, each with panoramic views of the Remarkables. Dinner tonight is a multi-course set menu at **Essence Restaurant**, prepared by Michelin-starred executive chef Paul Froggatt.

DAY FIVE

ROKI Pure is a wellness sanctuary that goes beyond massage and extends into tailored rituals—three to four hours, designed around your specific needs. The exclusive pool, jacuzzi and sauna are reserved for guests throughout your stay. This evening, transfer to **Aosta** in Arrowtown, Regional Restaurant of the Year (2025). Dinner and incidentals in Arrowtown at own expense.

ADD OR SWAP EXPERIENCES

Add or swap experiences to suit your interests and schedule. Tee off a glacier, taste wine in Central Otago, kayak an alpine lake, or heli-ski fresh snow. We arrange what others can't easily access.

DAY SIX

Take a fixed-wing scenic flight from Queenstown to Milford Sound, followed by a two-hour cruise through the fjord before your return flight. The perspective from above and below in a single day rarely disappoints. Dinner tonight is at The Terrace at ROKI. This is your last evening on Lake Wakatipu.

DAY SEVEN

Private charter flight from Queenstown to Christchurch, then ground transfer to **Flockhill Lodge** in the Canterbury high country. Check in and settle into your villa before the *Chef's Table Dining* program at **Sugarloaf Restaurant**. This is an intimate and dramatic front-row seat to the evening's preparation cooked over fire. Finish with stargazing.

DAY EIGHT

The *Station Safari* is designed as a half-day introduction to **Flockhill's** scale and how a working station operates at this altitude. Lunch included, then an optional half-day of fly-fishing in the afternoon or enjoy activities among the property's limestone boulders. A unique dining experience again at Sugarloaf.

DAY NINE

Flockhill's horse trekking caters to all abilities. The *Noman's Land Trek* is the signature ride. Designed for most fitness levels, you'll experience unobstructed views, stock spotting, riding over hills and easy river crossings without technical difficulty.

DAY TEN

Bikes are waiting at your villa for an optional self-guided ride or hike around the property before checkout. Breakfast is served in **Sugarloaf** or in your room, before being transferred back to Christchurch Airport (80 mins).

**Your itinerary in Glenorchy will be adapted to suit weather and your group's hiking experience.*

NB: Some experiences are season-dependent.

Inclusions

Based on the 10-day South Island Odyssey for four adults.

Transport
